## Hay Fever Victims On Lookout For Relief

Go up and down the streets of Washington C. H. and other places in Fayette County, any day now, and we'll guess that you'll encounter an unusual number of people this season, suffering with the so-called "hay fever".

Those of us fortunate enough not to be seriously bothered, should feel very grateful as there are few discomforts that are worse.

We noticed in one newspaper that about a century ago, Dr. Oliver Wendell Holmes said that in his opinion the only sure cure for hay fever was "gravel... taken eight feet deep." His pessimism on the subject, though radical, has certainly been justified up until now: doctors, despite the fact that they can provide temporary relief for 75 percent of hay fever sufferers, are not much closer to finding a positive remedy than they were 100 years ago.

In providing relief for victims, doctors have perfected a solution containing the offending pollen which, if injected periodically, can alleviate the symptoms. There are also some drugs on the market which reportedly do a similar job.

But so far as a positive cure is concerned, medical authorities can offer only slightly less uncompromising advice than Dr. Holmes. They say the best protection against the wracking sneezes and wheezes, the sniffles and eye-watering that tortures "hay feverites" from mid-August to frost-time, is a trip to ragweedless Europe or a three-month cruise 100 miles out to sea.

It has been obvious for a long time that France is a sick nation, economically and politically. The latest expression of it is the paralyzing strikes aimed at govern-

## History Will Tell Value Of Truce

NEW YORK (P) — Capt. Ben Price, of the U. S. Marines, walked into the office the other day, fresh from Korea.

Naturally, I asked, "What do your guys think of the armistice?"

"Not much," said Ben. "They aren't satisfied to have it end this way."

He went on to say that the war could have been carried to a complete military decision in our favor.

Coming from a Marine, of course, any other report would have been a surprise. But there is more to it than the unusual experience of serving in Korea twice, in two totally different roles.

On his first hitch, he was a correspondent. He went over early in that hot summer of 1950, covered the retreat and then the siege on the line laid down by Gen. Walker. After the North Koreans collapsed, and the war disintegrated into a pursuit and mop-up, he came home.

He had been in the Marines in World War II and so a year or so ago, Uncle Sam called him and presently he was on his way

back out to the old stamping ground, this time in uniform.

In short, he has seen the war from more different angles than most of us ever could.

"What we should have done," he went on, "is smash up the Chinese defenses, and then destroy their armies in Korea."

The Chinese have boasted of their depth-defenses, presumably a system of bunkers, trenches and emplacements going back four or five miles, solidly.

"We didn't think much of the depth defenses," he said. "Every time we punched through the outer crust, they would re-extract quickly and pretty well. But it didn't look to us though they had the means of moving troops and material around quickly enough to seal off a real breakthrough."

He conceded that, but he said:

"You're going to have to keep most of the Army ready anyway. And if we're going to stop, the river is the spot, not down where we are."

In the first place, the problem of unifying Korea would then be solved automatically. In the second, it would be a lot better to bargain with the Chinese on their own border than down at the 38th Parallel."

### Dinner Precedes Meeting Of Garden Club

The regular meeting of the Town and Country Garden Club was preceded with a dinner Wednesday evening in the private dining room at the Anderson Drive-in.

The business session later was presided over by Mrs. Glen Earl Davis, Jr., which was brief and consisted of the usual reports, and it was decided to charter a bus to attend the Ruth Lyons 50-50 Club in Cincinnati, September 23.

A report on the meeting of the Fayette County Garden Club Presidents' Council was made by Mrs. Harold McConaughay, who represents the Town and Country Club, in which she announced a meeting of elementary education for garden club members at Whetstone Park in Columbus, September 16, also the County Flower Show at the Washington Country Club, September 18, when the theme "Beautiful Ohio" is to be carried out in the flower arrangements. The club has been assigned the exhibit on conservation and education.

She also announced the meeting of District 9 at the Dayton Power and Light club room, September 25, when garden clubs in Fayette County will be hostesses.

Mrs. McConaughay appointed as the committee for the County Flower Show, Mrs. Richard Rankin, Mrs. Malcolm Parrett and Mrs. Dan Thompson, who will be in charge of the exhibit.

At the close of the meeting a memorial service was held in memory of Mrs. Joseph Alleman, a valued member recently deceased. Members present were: Mrs.

### WCTU Members Plan Convention For Next Tuesday

Plans have been completed for the Fayette County WCTU Convention, Tuesday, September 1, to be held in the Presbyterian Church in Bloomingburg.

The morning session, opening at 10:15 with a piano prelude by Miss Hazel Engle, a song and devotions by Mrs. Omar Schwart, will be followed with a vocal solo by Mrs. Arthur Engle, with Mrs. Urvin Edwards, county president, presiding.

The minutes of the last convention will be read and the treasurer will give her report.

Appointment of a nominating committee to choose new county officers will be made by the president and reports of presidents of the unions in the county will be given, as well as those of county directors of departments. Nointide members will be used, and the decisions are to be made at the next meeting.

A "Golden Girl" for the chapter for the coming year was also voted on and her name will be announced at the next meeting.

At the conclusion of the business session, a social hour was enjoyed, during which the hostess served tempting refreshments.

The next scheduled meeting will be held at the home of Mrs. Clyde McCray, Jr.

# Fayette County To Send Many Young Exhibitors To Ohio State's Big Fair

Three girls from Fayette County will take part in the modeling and style revues at the State Fair on September 1. Left to right are Portia Brownell, tailored costume; Sue Christopher, complete costume and Shirley Carter, dress up dress. All three of the girls took first place in their respective class at the Fayette County Fair. The spinning wheel in the picture represents the 150th birthday of Ohio this year. (Record-Herald photo)

Fayette County will be well represented by exhibitors at the Ohio State Fair starting in Columbus, Friday and lasting through Sept. 4.

Several boys and girls in 4-H club work in the county will be at the Fair to show and exhibit their projects. Also there are several from the county who will be showing in the open livestock classes. Some of the boys in the Future Farmers of America group will also be on hand to show livestock.

Most of the showing and exhibiting of the 4-H work from Fayette County will be done on Sept. 1. Mrs. Olive Woodard, home demonstration agent for Fayette County, also in charge of the girls 4-H clubs, will have 12 girls taking part in the State Fair activities.

Sue Barchet, a member of the Modern Misses 4-H Club, will have the complete costume outfit she made, on display all during the Fair. Sue made a suit and a coat. She is the daughter of Mr. and Mrs. I. V. Barchet.

THREE GIRLS in the county will take part in the 4-H modeling and style revues to be held in the morning and afternoon on Sept. 1. They are Shirley Carter, daughter of Mr. and Mrs. William Carter; Portia Brownell, daughter of Mr. and Mrs. Henry Brownell, and Sue Christopher, daughter of Mr. and Mrs. Thomas Christopher.

Shirley will be modeling in the "dress up" dress division. This will be her first time that she has taken part in the State Fair. Shirley, a member of the "Singin' Sewers" 4-H club, won first place in the style revue for 4-H girls at the Fayette County Fair this summer.

From Fayette County, in the tailored dress division, will be Portia, a member of the Busy Beavers 4-H club. This will also be the first time for Portia to participate in the State Fair. She won first in the tailored dress class at the county Fair here.

Sue is an old hand at modeling and in taking part in the State Fair activities. This will be her third year at the big event and she will be modeling in the complete costume class. She took first in her respective class at the county Fair. Sue is a member of the Busy Beavers 4-H club.

ALSO EXHIBITING in the 4-H clothing department will be Carolyn Crago, daughter of Mr. and Mrs. Jess Crago, and Betty Lou Moberly, daughter of Mr. and Mrs. Lloyd Moberly.

Carolyn will be in the school dress exhibit. She is a member of the Buzz'n Duzz'n 4-H club. Betty Lou, a member of the Junior Fashionettes 4-H club, will exhibit a blouse, an apron and a luncheon set.

For the healthiest 4-H girl in the state contest, Fayette County will send Laurann Beard as its representative. She is the daughter of

the state as to how to model their garments.

Albert Cobb, associate county agent for Fayette County, and in charge of the boys 4-H clubs, and Dewey Huffman, advisor of the FFA chapter, said they both had some boys who will be taking part in the Fair activities, but the list is not yet complete and it will be announced later.

The following are among those now known who will compete in the open class livestock shows at the Fair:

Swine—Ned Purtell, Andrews and Baugh Farm and Ray Fisher. Cattle—Bea-Mar Farms, Jess Hagler and the Willowee Farms. Sheep—Elmer Haymaker and Malcolm and Max Bloomer.

## Pay Top Prices For Watermelons

The price of watermelons has suddenly zoomed in Pickaway County, and this week four men paid \$24.40 each for four watermelons.

Thereby hangs a story!

The four men, Robert Lee Ward, 23, Jimmy Compton, 23, James Edwin Smith, 21, and Ransom Hatfield, 26, were arrested for stealing four watermelons from a Circleville restaurant, and were fined a total of \$24.40 each for theft.

They also were required to pay 75 cents each for the melons they had stolen.

Smith also drew a \$25 fine and costs on a charge of reckless operation of his automobile.

Alvin Carroll was chosen as the healthiest 4-H boy in the county but is not old enough to take part in the state competition.

In the girls demonstration department, Beverly Allez of the Buzz'n Duzz'n club will take part in the single nutrition class and Marilyn Parrett of the Eber Advanced club will be in the single clothing class. Beverly's parents are Mr. and Mrs. Harry Allen, and Marilyn's are Mr. and Mrs. Robert E. Parrett.

FOR THE TEAM demonstrations Linda Lovell, daughter of Mr. and Mrs. William Lovell, and Jo Davis, daughter of Mr. and Mrs. Grove Davis, will combine to demonstrate good personality. Linda is in the Busy Beavers club and Jo in the Modern Misses.

Jean Perrill, a student at Ohio State University, will be at the big Fair all the time to help instruct the many 4-H girls from all over

## Veneer Furniture Quality Improved

Today's veneered furniture is durable and attractive. Glues developed during World War II helped improve veneer quality.

Jane Schoppe, extension home furnishings specialist at Ohio State University, said today veneered surfaces resist warping. Solid wood has a tendency to warp and shrink. A solid table leaf sometimes warps despite care in drying, cutting and gluing. Miss Schoppe said veneering is used on much of the finest quality furniture on today's market.

Some of the choicest pieces of furniture handed down from one generation to the next are veneered. Historically, veneer was used to extend the supply of patterned wood and made possible many interesting patterns and grain effects. The same is true today, Miss Schoppe said.

Peripatus, a worm-like animal which is one of the oldest types of creature on earth, is found in scattered locations in Asia, Africa, Australia and Central and South America.

### Number of Canine Licenses Boosted

(Chink) Davis was employed as dog warden for Fayette County, and since that time he has made a complete canvass of Fayette County dog owners. To his efforts goes much of the credit for the increased number of licenses issued.

It is believed that the present figures are getting close to the total dog population in the county.

**Bradley Sees  
Vital Military  
Decision Ahead**

5-Star General Says  
Science Must Be Given  
Wider Use In Future

WASHINGTON (AP) — Gen. Omar N. Bradley says America's civilian and military leaders soon must make decisions in the battle of science with Russia that will affect "our very survival as a nation."

New weapons are so important, he declared, that they "are beginning to shake the present division of functions between the Army, Navy and Air Force."

He urged fuller use of scientific advances through giving scientists a larger share in strategic planning, including advice to the Joint Chiefs of Staff.

Bradley's views—in brief, that the country's best production lies in boosting its scientific and technological lead over the Soviets—were carried in an article in the issue of the Saturday Evening Post out today.

The 60-year-old career soldier retired Aug. 13 as chairman of the Joint Chiefs of Staff. Now he is board chairman of Bulova Research and Development, Inc., where he expects to use his knowledge to see that military problems needing scientific and research solutions are passed along to the scientists.

"Soviet technical progress, like ours, is moving at an ever faster tempo," Bradley wrote. "As the pace gets hotter, the choices of what we must do become harder."

"Some of these choices, touching the question of our very survival as a nation, now loom close ahead of our civilian and military leaders."

Bradley listed among urgent problems facing U. S. leaders:

1. Giving more atomic information to U. S. allies, because at present "we can give our most trusted Allied friends only meager information about weapons on which their survival as well as ours may depend." While certain secrets must be kept, Bradley said, "there is other atomic information, restricted by law, which would be immensely useful to our Allies, and yet would not benefit the Soviets if they learned it."

2. Giving the American people more information on atomic developments so they may at least "form sound judgments on the great national decisions ahead."

3. Assigning Navy aircraft carriers to help bomb deep behind enemy lines. This "strategic bombing" role traditionally has been jealously guarded by the Air Force as its own.

4. Getting full cooperation between the Army, Navy and Air Force in developing guided missiles—"competition and jealousy among the services have become a drag on the application of the missiles to our strategy."

5. Working out with Canada a more effective all-continent defense command, to include parts of the armies and navies of both countries as well as their air forces.

Bradley suggested in this connection a personal conference between President Eisenhower and Canada's Prime Minister St. Laurent.

"The issues are too large, the time too pressing, for us to let this drift along in routine negotiation," he said.

### He Doesn't Need Legs For Fishing

MONTGOMERY, Ala. (AP)—A railroad accident yesterday cost Barnum E. Medlock both his legs, but the 62-year-old trainman said he wasn't going to let that interfere with his fishing.

"I can still fish without 'em," he assured his wife as he was being carried into a hospital operating room.

One leg was severed when he fell beneath the wheels of a Western of Alabama freight train. The other had to be amputated at the hospital.

The veteran of 40 years of railroading never lost consciousness. He told fellow workers that now he was going to retire and do some serious angling.

### Beer Sales Age Limit Sought

DENVER (AP)—A move to ban sales of 3.2 beer to persons under 21 years of age in Denver is being launched by Edward Geer, manager of safety.

Regulations of taverns selling beer to teenagers is becoming one of his department's "major problems," Geer said.

He said he decided to ask the Council to raise the age limit as the result of a State Supreme Court ruling that 2 beer is non-intoxicating unless proven otherwise.

State law permits sale of 3.2 beer to persons 18 years old and over.

# Organization Set Up To Raise Fund To Obtain New WHS Band Uniforms

HERE IS THE GROUP which is to make a brisk campaign to get the money for new uniforms for the Washington High School Band. Reading from left to right, seated, Mrs. Frank Brown, Mrs. Robert Moats, Mrs. Charles Hurtt, Mrs. Andy Loudner, Mrs. Hugh Perrill and Mrs. Richard Waters. Standing, Frank M. Brown, Robert Heffrich, William Clift, H. T. "Bud" Schue, Kenneth Chaney, Albert Bryant, Billie Wilson and Walter Patton. Those not shown in the photo but who have promised to give their help are Mrs. Grove Davis and Cliff Hughes. (Record-Herald photo)

An assembly of interested people, including several mothers of members of the Washington High School Band, gathered at the Country Club Wednesday evening, and brought to a head the whole question of financing new uniforms for that organization, by working out plans to get results.

A city-wide campaign is to be made during a one-week period, starting Sept. 14.

This organized effort is the result of weeks of agitation following a certain amount of effort to collect money by school students passing about the city with their "cans" for coins. There were a few other

## Choice Grade Beef Still High

Egg Prices Move Up; Other Food News

By THE ASSOCIATED PRESS  
Here's the meat situation this week, as summed up by an official of one of the country's large food chains:

Lamb is a little lower, beef has started up again, and pork is still sky-high."

This sad state of affairs doesn't rule out weekend specials, of course. And while items like rib roasts have edged up a couple of cents in some stores, fair-sized reductions will be posted in others. Pork chops also show a mixed picture: They're up as much as 10 cents a pound in some sections of the country and down about four cents in others.

Leg of lamb prices are unchanged from a week ago to now around four cents a pound.

A number of food merchants have chosen smoked picnic hams and roasting and frying chickens as weekend specials, with price cuts of several cents a pound.

One meat specialist observed beef prices ordinarily hold up pretty well until late September or early October, when a decline usually occurs, at least in the "good" grade. Choice grade beef may remain high, he added.

Egg prices continued to increase in many parts of the country, with boosts of one to two cents a dozen. Butter prices generally were left unchanged.

Most grocers gave prominent display to California seedless grapes and pronounced them an excellent buy. Also featured in the fruit department were peaches, Canteloupes and honeydews were other specials, although it was conceded that they were not in the class with grapes and peaches.

There were plenty of good buys in vegetables. Produce men named green beans, eggplant, onions, potatoes and peppers as good values. Cabbage, one market man said, "is really a bargain." Tomatoes were described as "an extra-good buy."

Lettuce, high in price in recent weeks, is getting into a more reasonable range, produce men added.

## Rapid Justice Amazes Defendant

POCATELLO, Idaho (UPI)—Lester D. Brown, 22, a transient, cashed two checks yesterday at 11:30 a.m.

He was arrested at noon, accused of issuing bad checks.

At 1 p.m. he was arraigned before a justice of the peace. He waived preliminary hearing and at 1:30 p.m. was in the Bannock County Jail, under \$1,000 bond, bond having been paid over for trial in 5th District Court.

"You do things in a hurry around here," Brown commented to Detective Earl Boyce, who arrested him.

## Driver Permits To Be Renewed

September 1, Date To Begin Issuance

The first general renewal of

three-year driver licenses in Ohio

will begin September 1, R. E. Foley, State Registrar of Motor Ve-

hicles, has announced.

Said Foley: "About 2½ million

licenses now held by Ohio Motor-

ists will expire within a 12 month

period beginning October 1, 1953.

Licenses may be renewed not

more than 30 days before expiration and not more than three months thereafter."

He cautioned: "Drivers who permit a license to lapse more than three months must pass a driver examination to obtain a new one."

Persons who have obtained a license by passing a test within the past two years will not be required to obtain a renewal license until the expiration date noted on the license.

Foley warned that in addition to a fine and possible jail sentence any person convicted of operating a motor vehicle without a driver license is now subject to the provisions of the new Safety Responsi-

bility Law.

The Registrar urged all drivers

The Record-Herald Thurs., Aug 27, 1953 11

to check the expiration date on their licenses and have them renewed promptly.

## TV Antennae May Create Hazards

Television antennae, improperly

installed, create hazards, an ex-

tension agricultural engineer at

Ohio State University warned

homeowners today.

C. K. Kline pointed out that tele-

vision antennae are top-heavy

Wind and ice topple them easily

unless moorings are secure. Fail-

ing antennae may injure persons or damage power lines.

The engineer urged television set owners to have qualified men in

stall antennae at safe distances

from power lines and with top

quality materials.

## Armbrust Boys Are Winners

Captures League From DP & L Team

One big run, in the fourth inning, broke the tie between Armbrust and DP&L in the Industrial League Softball game at Wilson Field Wednesday night and enabled the Armbrusters to go on and win the game, 5 to 3.

By beating the Light boys, Armbrust now holds the championship of the Industrial League.

In the preliminary game, Warner's girls team swamped a girl's team from Sabina under a score of 19 to 7.

Warner's marked 16 of its runs up in just two innings, scoring eight in each of the fourth and fifth frames. The winning team pounded the Sabina hurlers for 15 hits.

Sabina scored one run in the first, one in the fourth, four in the fifth and one in the sixth. Sabina only collected six hits. Proud, the catcher got three of them.

Armbrust jumped off to an early lead in the nightcap Wednesday, scoring two runs in the first frame and adding one more in the second. However, the lead didn't last long, as the DP&L shoved one marker across in the first frame and picked up two in the second.

Neither team scored in the third but in the fourth inning, Armbrust scored the game winning run when Mongold singled and was brought home on a long fly ball.

Armbrust picked up an "insurance run" in the last inning. Roger Hoffman led the Armbrust hitters at the plate getting three for three.

Junior Johnson was the winning pitcher and Jack Reno the loser. Washington C. H. AB R H E

## DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R  
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

## Sorority Group Now Recruiting Blood Donors

Next Bloodmobile Visit Here Sept. 10; 150 Pints Is Quota

Members of the Alpha Theta Chapter of Epsilon Sigma Alpha Sorority here, are busy this week recruiting blood donors for the September 10th visit of the Red Cross Bloodmobile Unit to Fayette County. It is to be at the Methodist Church in Washington C. H. from 10 A. M. to 4 P. M. It is reported 24 members are in action.

Mrs. Mac Dews, Jr. has been named chairman for the sorority in this blood donor recruiting drive. The entire sorority is now carrying out a telephone campaign asking blood donors in the Red Cross file, to give a pint of blood at this next bloodmobile unit visit here.

Mrs. Dews states that the sorority hopes to contact all industries and larger business establishments, as well as various organizations, in an effort to secure blood contributions.

Those in charge say it is hoped to recruit enough blood donors to meet the quota of 150 pints of blood assigned for Fayette County. The last two visits of the bloodmobile have not brought forth enough donors to meet this 150 pint quota, but in both cases there was no organization sponsor for the recruiting of donors. Ninety pints of blood were obtained for the last collection on July 20.

Blood donors are urged to telephone the Red Cross Headquarters, 22401, to schedule a definite time for giving their blood. It is important that this be done to insure a smooth working operation.

## Mrs. Amy Nuss Dies At Sedalia

Mrs. Amy Smith Nuss, 88, died at 5:20 P. M. Wednesday at the Kelso Convalescent Home in Sedalia. She had been in poor health for some time.

Her nearest survivor is her brother, Ralph Smith of London. She also leaves several nieces and nephews.

Mrs. Nuss was born in Fayette County. She lived a good many years near Bookwalter.

Funeral services will be held at 2:30 P. M. Saturday at the Morrow Funeral Home in Jeffersonville.

Rev. W. S. Alexander will conduct the services. Mrs. Nuss will be cremated.

Friends may call any time at the funeral home.

## Funeral Rites Held For Mrs. Mathews

Largely attended funeral services were held for Mrs. Marjorie Self Mathews at 2 P. M. Wednesday at the Gerstner Funeral Home.

Rev. Don McMillin, pastor of the First Christian Church, officiated. He offered prayer, read the Scripture, read a memoir, delivered the sermon and read the two hymns, "The Old Rugged Cross" and "Going Down The Valley."

The many floral tributes were cared for by the pallbearers, who were Clarence DeWeese, Bernard Self, Howard Leaverton, John and Milton Shackelford and Elby Jones. Interment was in the Washington C. H. Cemetery.

**DOG ATTACK FATAL**  
PORTSMOUTH — Trying to ward off an attack by a vicious dog cost the life of Joseph Smock, 79, who died of complications caused by a fracture he sustained in a fall when the dog attacked him.

The armadillo lives in burrows which it digs quickly with its fore feet.

## Firestone Hit By Nationwide Union Walkout

CLEVELAND (P)—The CIO United Rubber Workers union struck the big Firestone Tire & Rubber Co. throughout the nation today.

Negotiators failed to reach a new wage agreement before a midnight deadline.

Union and company representatives talked far into the early morning and scheduled another session today.

The strike involves 24,000 production workers in eight cities, including 10,000 in Akron.

Most of the union locals went out about midnight local time, with the first walkouts reported in Akron, Pottstown, Pa., and Fall River, Mass.

The other Firestone plants are in Los Angeles; Nilesville and New Castle, Ind.; Memphis, Tenn., and Des Moines, Iowa.

Union and company spokesmen continued a long-standing policy of not commenting on the progress of the negotiations.

While it never has given specific details of its demands, the union says they include a "substantial" wage increase and better pensions. It also is seeking adjustment of what it calls inequities in wage rates for some classifications.

## Ball Lightning Frightens Texans

SAN ANTONIO, Tex. (P) — The Weather Bureau said a phenomenon which scared several people here yesterday was apparently ball lightning, described as the dictionary as "extremely rare."

Witnesses agreed it was six feet above the ground, about the size of a watermelon, round, glowed like fire, and then exploded with a blast that sent sparks flying above the heads of several terrified children. It happened just above a bush in the driveway of Mrs. Everett Parnhill, witness said.
